Valérie Dalodier, President of the CNTE

« After several quarantines, coming with their lack of freedom, outdoor horse riding is one of the best ways to get away. The French region Hauts-de-France with its Henson horses - breed made for Equestrian Tourism - invite you to discover an exceptional and protected natural area, which is usually inaccessible for the public. Riders, drivers, occasional equestrian tourism riders or adventurers, let be tempted by this adventure ! »

- Valérie Dalodier -

For this new edition, the Equirando will take place from the 29th to the 31th of July 2022 at the Haras Henson, in Rue (80) - France.

The Haras Henson is a typical farm of the Somme (French Nord département), in a haven of greenery. Main breeding reference of Henson horses in the region, this place will welcome the Equirandins over 70 hectares, near to the beautiful town of Rue.

Two questions to *Jean-Pierre Debrey*,

President of the CRTE Hauts-de-France and of the Organizing Committee of the 2022 Equirando

Why organised that kind of event ?

The Equirando is an event close to my heart for so long. It's also a strong with of the CRE and the CRTE Hauts-de-France to work together for the promotion of equestrian tourism. When I've presented the project to the members of the team, they immediately adopted it ! Moreover, the large media coverage on this event is the opportunity to put equestrian tourism riders in the spotlight.

What are the factors making the Baie de Somme a unique and privileged place ?

Our beautiful region is full of wild and preserved natural areas, such as the coastline, plenty of water bodies, the ornithological park of Marquenterre, and, last but not least, the sandbanks where seals rest. We make all necessary effort to organise a successful 2022 Equirando edition with a great ambiance and conviviality : a happy reunion for all riders and drivers !
